<u>h</u>   ***for man, for chair***

the other doesn't sleep

the other is a bird

1 = talk

1 = sound box

1 equal

the other →   →   →   →   →   →

(1 would sleep much

more peacefully if animals could talk

of all those things they hear from men

if birds were translatable

at the very moment of the window facing the tree

in the storm

I say calmer if all

we all come home to water the flowers)

1 = other
